

CARECREDIT POLICY

CareCredit, a patient financing program for cosmetic services, is now available at our practice. If you would like to consider financing your treatment, please ask one of our staff members for information on this program.

Financing cosmetic services at Van Dam Dermatology & Laser Center or at Versa Medi-Spa requires a minimum procedure cost of \$1,000.00. Financing options include:

- 3-month no-interest payment plan, or
- 24-, 36-, 48- or 60-month plans with a 11.90% rate of interest

Obtaining credit is simple: Complete a simple application form and our staff will receive online credit approval within 5 minutes for those who qualify. Patients may also choose to personally apply by telephone.

Those approved by CareCredit will receive a confirmation number, and will then receive a CareCredit card in the mail. The card can be used for future financing in our office, consistent with the CareCredit plans offered at Van Dam Dermatology & Laser Center.

If you presently have available credit from CareCredit and a CareCredit card, you may be eligible for financing cosmetic services in our office, for a minimum \$1000 purchase, selecting one of the two payment plans offered at Van Dam Dermatology & Laser Center.
